PERSONAL STATEMENT

Dedicated Computer Science & Engineering student at AIUB with interests in Software Requirements Engineering, Software Quality Assurance & Testing, Python, Network Security, and Management Information Systems. Experienced in software development using Python, Java, and SQL, with proven leadership, teamwork, and event coordination through technical clubs and volunteer activities. Committed to continuous learning and delivering impactful technology solutions.

EDUCATIONAL BACKGROUND

Bachelor of Science in Computer Science and Engineering

American International University-Bangladesh (AIUB), Dhaka
CGPA: 3.53 (out of 4.00)

Sept.2022 – (Ongoing)

Higher Secondary Certificate (HSC) – Science

Dhaka Cantonment Public School and College, Dhaka
GPA: 5.00 (out of 5.00)

Jul. 2019 – Dec. 2021

Secondary School Certificate (SSC) – Science

Monipur High School, Dhaka
GPA: 5.00 (out of 5.00)

Jan.2017 – Mar. 2019

EXPERIENCES

Marketing Representative

Goriber Gadget

Jun. 2026 – Present

- Promote the company's products and services through campus-based marketing initiatives.
- Engage with customers to increase brand awareness and customer outreach.
- Support marketing campaigns, product promotions, and customer engagement activities.

General Member

AIUB Computer Club

Mar. 2023 – Present

- Participate in technical workshops, seminars, competitions, and club activities.
- Contribute to organizing events and supporting various club initiatives.

Volunteer

National STEAM Olympiad (NSTEAMO)

Jun. 2023 – Jul. 2024

- Assisted in organizing and managing STEAM education events and competitions.
- Supported event logistics, participant coordination, and on-site operations.

SKILLS

- **Programming Languages:** C, C++, C#, Java, Python, JavaScript, PHP, SQL, HTML, CSS
- **Computer Skills:** MS Word, MS Excel, MS PowerPoint, Photoshop, Google Workspace, Canva, WordPress
- **Technical Tools:** Github, Visual Studio, SQL Server, Oracle, Codeblocks, Notepad++, MATLAB, Jira, Selenium, Kali Linux, Metasploitable, Nmap, John the Ripper, Wireshark, AutoCAD
- **Soft Skills:** Time Management, Problem Solving, Event Coordination, Communication, Teamwork, Customer Management, Decision-Making, Teamwork, Leadership, Ethics

RESEARCH & PROJECT

- **Research on Automated Eye Disease Detection Using Machine Learning Algorithms** May. 2026 – (Ongoing)
- **Research on AI-Assisted Comparative Analysis of Scrum and No-Method Software Development** Apr. 2026 – (Ongoing)
- **Research on Secured Entry Intelligent RFID-Based Door Locking System Ensuring Women's Safety** Jan. 2026 – June. 2026
- **Automated Testing Tool – Selenium** Jul. 2026 – Jul. 2026
Built WebDriver test scripts, ran cross-browser tests, and reported defects.
- **Retail Sales & Profit Analysis** Apr. 2026 – May. 2026
Developed a Python-based sales analysis project using Pandas, NumPy, and Matplotlib to evaluate retail sales, profit trends, and product performance through data visualization.
- **Project Management Tool – JIRA** Mar. 2026 – Apr. 2026
Managed software development workflows using Jira for task tracking, sprint planning, bug reporting, and team collaboration in Agile-based projects.
- **To-Do Manager (Desktop App)** Mar. 2026 – Apr. 2026
Developed a Python desktop application for managing tasks with priorities, due dates, and persistent data storage using JSON.
- **Weather App** Feb. 2026 – Mar. 2026
Developed a real-time weather application displaying temperature, humidity, and weather conditions with auto location detection.
- **Computer Graphics Project: The Egypt (2D Model)** Aug. 2025 – Sept. 2025
Designed a 2D computer graphics model showcasing the structural and natural design of Egypt using graphics concepts.
- **Banking System** Jan. 2025 – Feb. 2025
Created a banking application that manages account creation, deposits, withdrawals, and transaction history using OOP.
- **Airlines Management System:** Aug. 2024 – Sept. 2024
Developed a robust database system to manage flight schedules, passenger records, and bookings.
- **Supermarket Management System** Aug. 2024 – Sept. 2024
Created a comprehensive system for inventory, billing, and customer management using SQL and C#.
- **Expense Tracking System:** Feb. 2024 – Mar. 2024
Designed a tool for managing personal and business expenses with real-time analytics.

COURSE & TRAINING

IT Essentials — CISCO Networking Academy (Issued Feb. 2023)

EXTRA-CURRICULAR ACTIVITIES

Volunteering Certificates:

- Volunteer, AIUB Cyber Gaming Fest 2025, by AIUB Computer Club
- Volunteer, AIUB Programming Contest 2024
- Volunteer, AIUB CS Fest 2024, by AIUB Computer Club
- Volunteer, National STEAM Olympiad 2022
- Volunteer, AIUB Science Poster Contest 2022

Participation Certificates:

- Certificated, For publishing research on Secured Entry: Intelligent RFID-Based Door Locking Ensuring Women's Safety by **IEEE QPAIN 2026** Conference Presentation
- Participant, University Activation Programme 2025, by ICT Division Bangladesh
- Participant, YUNet International Youth Upskill Summit 2025, by YUNet International
- Participant, Step Shoe Advertisement 2024, by AIUB Business Club and STEP
- Participant, AIUB Science Poster Contest Spring 2022-23
- Certificated, IT Essentials 2022, by Cisco Networking Academy
